DIRECTORS' REPORT TO THE SHAREHOLDERS

EARNINGS AND DIVIDENDS

Net income for 1967 amounted to \$475,454 which represents a modest decline from earnings of \$484,353 in 1966. After deducting preference dividends of \$150,000, the balance available for common shareholders was \$325,454 or 46 cents per share, against 47 cents per share for 1966. Total dividends per common share were 40 cents, an increase over the 38 cents per share paid in the previous year.

NET ASSET VALUE

Net asset value per common share was \$17.23 at December 31, 1967, a gain of 17.3% from 1966. During 1967 the Toronto Stock Exchange Combined Index and the Montreal Stock Exchange Composite Index recorded gains of 9.9% and 11.4% respectively while The Dow Jones Industrial Average advanced 15.2%.

INVESTMENT PORTFOLIO

The assets of the Trust were invested in 57 securities at December 31, 1967. The portfolio is listed on pages 7 to 10 of this Report and a summary is set out on page 10. It will be noted that 99.5% of the portfolio is now invested in Canadian and U.S. common and convertible preferred shares.

REVIEW AND OUTLOOK

In 1967 the Canadian economy continued to expand with the Gross National Product increasing approximately 7%. Unfortunately at least half of this gain was attributable to higher prices brought about by inflationary wage increases whose magnitude has been running at twice the level of those in the U.S. This disparity is particularly serious as wage increases in Canada have not been accompanied by corresponding gains in productivity. The result has been a severe pressure on the profit margins of most of the major Canadian corporations operating in basic industries whose shares are normally prominent in diversified portfolios such as is held by this Company.

For 1968 a similar gain in Gross National Product has been predicted but, once again, about half the increase will probably be due to price increases. The major share of the benefits derived from the growth in our economy may thus continue to go to the wage earner with a corresponding extension of the squeeze in corporate profit margins.

INVESTMENT POLICY

Industries which employ advanced technological concepts are less exposed to the profits

squeeze. This is also true of certain companies offering services to the consumer. Unfortunately, Canada offers an inadequate range of investments in these and other attractive areas. For this reason your Board may decide to concentrate more heavily in the U.S. where the stock markets offer a broader spectrum of investments in sectors of the economy which provide the opportunity to achieve capital appreciation. The Directors are cognizant of the fact that adoption of such a policy could possibly involve a change in the tax position and earnings of the Company.

REVISION OF BY-LAWS

The Trust's By-Laws are basically those adopted in 1929 at the time of incorporation. Your Directors have decided that these By-Laws should be modernized to reflect changes in corporate practice since 1929 and to conform with the requirements of the Canada Corporations Act 1965. Attached to the Notice of Meetings are copies of a new general By-law, a new borrowing By-Law and a By-law changing the investment restrictions. These new By-Laws were enacted by the Board on January 24 and February 22, 1968 and will be submitted to the Shareholders for their consideration and approval at the Special and Annual General Meeting of Shareholders to be held on Monday, April 8, 1968.

Any Shareholder desiring additional information on the changes in the By-Laws should call at the Company's offices or attend the Special and Annual General Meeting to which all Shareholders are cordially invited.

DIRECTORATE

The new general By-law increases the Board of Directors from six to eight members. To fill the two vacancies thus to be created, Mr. J. G. S. Gammell, M.B.E., C.A., of Edinburgh, Scotland, and Mr. W. J. R. Govett, of London, England, will be nominated for election at the forthcoming Annual General Meeting; Mr. Gammell for a two-year term and Mr. Govett for a one-year term. The Directors retiring at the forthcoming Meeting in accordance with the By-Laws are:

J. G. Hungerford, Q.C. T. S. Johnston N. B. Ivory

They are eligible for re-election.

On behalf of the Board,

W. A. ARBUCKLE, Chairman.

March 8, 1968, Toronto 1, Ontario.

(Incorporated under the laws of Canada)

NOTE TO FINANCIAL STATEMENTS

A statement of source and application of funds is not included because such a statement would not provide any information in addition to that already given.

AUDITORS' REPORT

To the Shareholders

Dominion-Scottish Investments Limited

We have examined the balance sheet of Dominion-Scottish Investments Limited as at December 31, 1967 and the statements of income, earned surplus, accumulated surplus on sale of investments and unrealized appreciation of investments for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the company as at December 31, 1967 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.
